# MM20 Lightweight Airflow Baffles, for MM20724 rack and MM20VMD712 vertical manager

OR-MM20ABL72412-X

Note: Replace the "X" tail code with "B" for black or "W" for white.

# features & benefits

- Full height angled design: Provides increased intake area over square duct designs and reduces back pressure on the exhaust side of the switch.
- Manufactured from recycled PVC/ABS resin: Chemical and corrosion resistant, low flammability (UL-94 VO flame rating), perfect for data center use.
- Lightweight foam core construction: Much easier to install, thermal and sound insulation (absorbs vibrations and oscillations) and reduced shipping cost and possibility of damage

## **General Info**

Color: (B)lack or (W)hite Product Series: Mighty Mo 20 Type: Rack Accessories Component Type: Airflow Baffle

#### **Construction Information**

Component1: Airflow Baffle

#### **Dimensions**

Diameter Metric: Length Metric:

## **Technical Information**

Patent No: 8,130,494 and 8,256,181

# **Buy American Act Compliance**

Country of Origin: UNITED-STATES-OF-AMERICA Buy American Act Status: Buy American Act Compliant
