MM20 End Panel, for MM20816 channel rack behind a MM20VMD806 manager

OR-MM20EP816-X

The 4.4" wide end panel is used to finish the end of a row of Mighty Mo racks when a 6" wide vertical manager is mounted at the end of the row. It mounts directly to the rack behind the manager, providing a stable mounting surface for the manager and concealing cables in the rack frame.

Note: Replace the "X" tail code with "B" for black or "W" for white.

features & benefits

- Used to finish the end of a row of Mighty Mo 20 racks: Gives your installation a clean and professional look while concealing cables in rack channel.
- Mounts flush with and provides a mounting surface for the 6" vertical cable management cages: Gives additional support to vertical management cages.
- All necessary mounting hardware included
